

RFID Upgrade kits Transform your magstripe into RFID

Upgrade to Hotek

Hotek provides easy to install RFID UPGRADE KITS that will transform old magstripe locks into RFID locks. The most efficient solution to get your system ready for the future, and to offer your guests user-friendly access control.

Hotek Upgrade kits are available for almost all major brands.

The benefits:

- no more problems with erased or damaged magnetic keycards
- no wear and tear to locks and keycards
- easy to install
- no need to replace locks or doors
- a problem free and sustainable solution
