

Small line black edition

YourMobile  Key

 **Hotek**
HOSPITALITY & TECHNOLOGY

What are you locking for?

How does it work?

The Hotek Small Line offers versatility of application. The locks can easily be installed over existing mortise locks, without the need for adjustments to doors or frames. This makes it possible to retain the existing key plan.

This lock has been specially developed for holiday parks and suitable for indoor and outdoor use. Ideal for use on doors with glassware, PVC or metal doors.

The contactless RFID system works in combination with the Hotek SMART software and offers advanced access control possibilities for hotels and holiday parks.

No cylinder recess

with cylinder recess
