DOLF MULDER

Our hands-on CEO

Our hands-on CEO, Dolf Mulder, has spent the last 25 years transforming Hotek from a one-man operation into the internationally operating company it is today.

Under his leadership, Hotek has expanded with international sales outlets, a headquarters with 30 employees, and more than 10 million installations of its products worldwide.

Driven by his innovative spirit, Dolf was the first in the industry to set the standard for Mobile Key solutions. Thanks to Dolf's persistence, Hotek remains the only company that offers a hacker-proof mobile key solution that requires no app installation and no Bluetooth. An achievement that sets Hotek apart to this day.
