## The solution for every type of door

The locks can easily be installed over existing mortise locks, without the need for adjustments to doors or frames.

This makes it possible to retain the existing key plan.

This lock has been specially developed for holiday parks and suitable for indoor and outdoor use. Ideal for use on doors with glassware, PVC or metal doors.

The contactless RFID system works in combination with the Hotek SMART software and offers advanced access control possibilities for hotels and holiday parks.

## ABOUT SMALL

The Hotek Small Line hotel lock is known for its versatility and easy installation. This lock is suitable for a variety of applications. This line is specially designed to fit over existing cylinder locks, allowing the current key plan to be retained. The lock is ideal for use in holiday parks, can be applied to doors with glass, plastic or metal, and is suitable for indoor and outdoor use.

The lock features a black coating with a scratch-resistant finish, giving it a modern and stylish look. The Small Line no-cylinder offers a sleek finish without a cylinder cutout.
